AMENDMENT

Assistant Commissioner of Patents  
Washington D.C., 20231

RECEIVED  
MAY 28 2002  
TC 1700

Dear Madam:

The Amendment and remarks which follow are responsive to the Advisory Action mailed April 12, 2002.

IN THE CLAIMS:

Please amend the following claims:

~~SBH/HU/C~~  
16. (Twice Amended) A metal structure comprising an acid containing steel surface having deposited thereon an adhesive mixture of an acid-imperious polymer particulate and a high curing temperature powder adhesive, the adhesive having a curing temperature lower than a melting temperature of said particulate to adhere said particulate to the steel
